8. Tree Transplanting

Given the current crisis of irresponsible deforestation to make space for human use, we at 7 Petals aim to contribute to and play our part in creating a greener world. With our tree transplantation services, under the guidance of our team of Agriculture Experts we can help save and/or relocate as many trees as we can and have successfully done so with a significant percentage of success rate, by doing so we plan on hopefully leaving a greener world for the generations to come.

9. Garden Maintenance

Given our experience in horticulture, we're also equipped with the expertise and all necessary tools to look after your landscapes irrespective of whether we helped build it or not, get in touch with our team for annual maintenance contracts

10.Horticultural Consultancy
